Study at UL

Welcome to the University of Limerick

UL's Open Days are planned with you in mind.

This event is aimed at anyone considering studying at University of Limerick.

We have presentations on our degree and masters programmes, information stands to find out what you need to know, and tours to give you a sense of the facilities and services that we can offer you as part of our degree programmes. Find out about how we will support you to settle into university life.

Make sure you chat with our guides – as current UL students, they will be happy to help with any questions you may have.

We hope you have a great day.

Getting here by car

The University is located in Castletroy, just off the main M7 Limerick/Dublin motorway. From the south and west, take exit 30 off the M7 Northbound and follow the signs for the University. From the East/Midlands, take exit 28 off the M7 Southbound and follow the signs for the University.

Parking

Numerous spaces are available to park on campus. Just follow the event signs and our Security personnel will direct you to the nearest space. Please note we will direct you to our free car parks, but in the event of extra parking space needed you may be directed to one of our paid car parks. They cost €3 for the day and you can pay with €1 and €2 coins.

Public transport

UL is served by 304/304A local bus routes from Limerick city. The M7 Express coach also stops on campus with a regular daily service.

In Case of Emergency

In case of illness or emergency, please contact the nearest member of University staff or Open Day staff and we'll be happy to help. If you hear a fire alarm, please use the nearest marked exit and follow the directions of University staff. Do not use the lifts or re-enter the building until the all-clear is given. Campus Security can also be contacted on 061 213333.

Keep Moving!

Please note, a one way system will be in place through University Concert Hall. Our staff will be on hand to assist you, please follow their direction.

Did you know?

Voted Best Student Campus again in 2023, for the third time in 5 years (Education Ireland Awards)

Your Day at UL

From 9.30am to 3pm

Student Support Stands

Information stands in the Millstream Building will give you the opportunity to meet representatives from various areas and ask questions on a one-to-one basis. See list of student information stands on pages 8-9.

Graduate & Professional Studies

The course you choose at age 18 doesn't have to define your career or future path.

Postgraduate study at University of Limerick offers graduates the opportunity to build on their education and grow their career. Postgraduate study can include a taught or research master's degree, a postgraduate diploma or certificate, a graduate diploma or a PhD.

Why do a postgrad?

You can progress your studies with a postgrad.

A business graduate might want to expand their expertise with a postgrad in computational finance, business analytics or law.

An engineering graduate might want to expand their skills in mechatronics, artificial intelligence, or project management.

An arts graduate might want to bring their specialism to postgrads in their area of study or to disciplines in human resources, marketing or business.

Nursing graduates might want to specialise in areas such as palliative care, respiratory nursing, or public health.

You can enhance your career prospects with a postgrad.

Many professions require advanced qualifications for entry or progression such as law, psychology, and finance. Completing a postgrad can make graduates more competitive in the job market, as they possess advanced skills and knowledge that are often required for higher-level positions.

You can change your career path with a postgrad

- Eligible graduates can enter the postgraduate degree programme to become second level teachers.
- Ul's Graduate Entry Medicine programme is open to eligible graduates of all disciplines.
- Postgraduate degrees in Speech and Language Therapy, Occupational Therapy and Physiotherapy are open to eligible graduates who wish to peruse careers in these areas.
