

A global university

Stands for purpose

Who we are

As the world changes, people, businesses and industry are becoming more globally connected than ever before.

At UOW, we have recognised this and are proud to be among the best modern universities in the world.

Awards and rankings

EQUAL FIRST UNIVERSITY IN AUSTRALIA

UOW was rated Australia's leading public university for student experience in the 2018 Good Universities Guide, and highest ranked ranked university in NSW in Quality Indicators for Learning and Teaching (QILT) 2018.

5 STARS

UOW is one of only two
Australian universities- and
the only publicly funded
university- to achieve 5 stars
in all student experience
measures: overall experience,
skills development, student
support, teaching quality and
learning resources and learner
engagement¹

A LAUNCH PAD TO THE WORLD

Our students, graduates, academics and researchers study, work and collaborate right across the world.

It's this global network that has UOW advancing social, environmental and economic development on an international scale.

The University of Wollongong is a truly global educator, delivering undergraduate and postgraduate programs at teaching sites in Australia and at overseas campuses in Asia and the Middle East, with connections to over 200 universities in 44 countries.

Our student body comprises more than 170 nationalities, in multi-cultural community settings that provide global insights and perspectives.

UOW students have access to state-of-the-art facilities, comprehensive support and highly qualified academics from around the world. Our wide global presence means that we are able to provide diverse mobility opportunities for our students. This consistently ensures exceptional student satisfaction and graduate outcomes.

Learning and the student experience

From the inner city to the coast and out to the country, all of UOW's nine domestic locations have one thing in common: a five-star educational experience.

UOW was rated Australia's leading public university for student experience in the 2018 Good Universities Guide.

This is why our students are among the happiest and the most satisfied.

Wollongong: an environment of success

As a city nestled between the mountains and the sea, the wider Wollongong region offers a range of cultural, sporting and recreational outlets. It is a region rich in industry, providing greater opportunities for work experience and employment. Wollongong is Australia's 9th largest city and just over 1 hour's drive from Sydney.

Wollongong Campus

UOW's Wollongong campus is one of the most picturesque university campuses in Australia. The campus is located at the base of Mount Keira, a few kilometres north-west of Wollongong CBD, and is used by 24,000 students and more than 2000 staff.

Facilities include extensive teaching, research and administration buildings, student residences, library, conference rooms, food halls, cafes, supermarket, restaurant and bar, retail outlets, indoor sports centres and gymnasium, Olympic-standard swimming pool and sports fields.

Prominent buildings include the:

- SMART Infrastructure Facility an International leader in applied infrastructure research
 smart now edu.au
- Illawarra Health & Medical Research
 Institute which provides facilities to 600

 affiliated researchers and students
 ihmri.uow.edu.au
- Early Start Facility, that includes an Australia-first \$7 million Discovery Space earlystart.uow.edu.au

- Molecular Horizons, a world-leading \$80 million molecular and life sciences research centre
 - smah.uow.edu.au/cmmb
- Sciences Teaching Facility is one of the latest in networked wireless microscope technology from renowned scientific technology supplier Leica

Innovation Campus (iC)

UOW's Innovation Campus (iC) is an awardwinning research, development and business precinct established in Wollongong 10 years ago.

The 33 hectare site is a centre of Australian innovation and research excellence, home to a number of our leading research institutes. It is also home to some of the most advanced infrastructure in the nation.

Organisations from around the world co-locate at the campus with UOW's leading research institutes, including:

- Intelligent Polymer Research Institute (IPRI)
- The Australian Research Council
 Centre for Excellence for Electromaterials
 Science (ACES)

- Institute for Superconducting and Electronic Materials (ISEM)
- University of Wollongong Electron Microscopy Centre (EMC)
- Sustainable Buildings Research Centre (SBRC)
- Australian National Centre for Ocean Resources and Security (ANCORS)
- iAccelerate business incubator (iC)
- Science Space

RESEARCH STRENGTHS

From 3D bioprinting, materials engineering and medicinal chemistry, to social transformation, our research is solving complex real-world problems.

UOW's research strengths include:

- Advanced Manufacturing Technologies
- Australian Centre for Cultural Environmental Research
- Australian National Centre for Ocean Resources and Security (ANCORS)
- Centre for Archaeological Science (CAS)
- Centre for Medical and Molecular Bioscience (CMMB)
- Centre for Medical Radiation Physics (CMRP)
- Early Start Research Institute (ESRI)
- Engineering Materials (EM)
- GeoQuEST Research Centre
- National Institute for Applied Statistical Research Australia (NIASRA)

GLOBAL CHALLENGES PROGRAM

UOW's Global Challenges Program is a strategic research initiative focused on transformative interdisciplinary research that harnesses the expertise of world-class researchers to address complex, real-world problems – to transform lives and regions.

- Over 420 researchers
- 95 interdisciplinary projects across the following themes:

Transforming lives and regions Living well, longer Manufacturing innovation Sustaining coastal and marine zones
