

COMMITTED TO ACADEMIC EXCELLENCE

Education • Aspiration • Transformation

Northern Arizona University

Established in 1899, Northern Arizona University (NAU) is a prestigious public institution with more than one-hundred years of history. The NAU campus is located in the city of Flagstaff, Arizona. The city of Flagstaff is a vibrant mountain town with a robust entertainment scene and unparalleled natural scenery, only hours away from the Grand Canyon and Las Vegas. *Travel + Leisure* magazine named Flagstaff among the top 8 Best College Towns in America, and *Time.com* has called it one of the nation's happiest cities.

NAU is well known for its student-centered approach to higher education. Here, you will find professors who encourage you to learn, excellent degree programs, exciting research opportunities, career-building internships, and the support systems you need to reach your goals. NAU ranks 78th on the *Forbes*' list of the Top 100 Best Public Universities and 64th on *America's Best College Buys*. NAU offers more than 150 undergraduate and graduate degree programs throughout its six Colleges. These six include the College of Engineering, Forestry and Natural Sciences, The W.A. Franke College of Business, the College of Arts and Letters, the College of Education, the College of Health and Human Services, and the College of Social and Behavioral Sciences.

■ With over 4,000 higher education institutions in the United States, NAU ranks **78th** in Public Universities in America. (*Forbes*)

■ As an AACSB* school, The W.A. Franke College of Business ranks at the top **5%** of all business schools in the world.

■ The Applied Linguistics Program ranks **15th** in Northern America. (www.thelinguist.org)

■ The College of Engineering ranks **44th** in the United States. (*U.S. News and World Report*)

■ The School of Hotel and Restaurant Management ranks **7th** nationally and **22nd** internationally. (*successfulstudent.org* and *Hong Kong journal*)

■ The Forestry Program ranks **No. 10** nationally in an index measuring faculty scholarly output.

FLAGSTAFF

- > Ranks **1st** for cleanest air quality.
- > Voted the **8th** best college town in America.
- > The planet Pluto was **1st** discovered here in 1930.

Over 20,000 students attend NAU
More than **1,200** international students from **71** countries

BUSINESS

The W.A. Franke College of Business (FCB) offers students a high-quality business degree and a one-of-a-kind university experience. You'll experience personal interaction with your professors as you further your education. Our AACSB-accredited programs are designed to prepare you for the 'real world' of business—with an eye on the specific career you want. In 2007, Mr. Bill Franke of Indigo Partners made a \$25 million commitment to FCB's cutting-edge building and programs. In recent years, many international students who graduated from the FCB have achieved success in academic advancement and professional development.

▲ Professor Kevin Trainor, PhD, Marketing

MAJORS AND DEGREES

■ Undergraduate Majors and Degrees

- Accounting
- Computer Information Systems
- Business Economics
- Finance
- Marketing
- Management

■ Masters of Business Administration

- MBA Applied Management
- MBA Accounting

Warren Buffett

▲ Warren Buffett and international student Bruce Wang

Since 2006, eight groups of selected FCB students have earned the once-in-a-lifetime opportunity to meet with Mr. Warren Buffett, the internationally renowned financial tycoon whose operations are headquartered in Omaha, Nebraska. No other business school in America has been invited back so often. Participating students tour a few of Mr. Buffett's businesses, attend a luncheon, and participate in a two-hour-long question and answer session with Mr. Buffett. Every year, this extraordinary opportunity has been afforded to NAU's domestic and international students.

MBA Program

The FCB offers a full-time accelerated MBA program, rated by *US News & World Report* 2015 Best Graduate Schools ranking. The NAU full-time MBA program ranked among the top 27% of universities making the list. For full-time MBA programs with less than 50 students, NAU is in the top 3%.

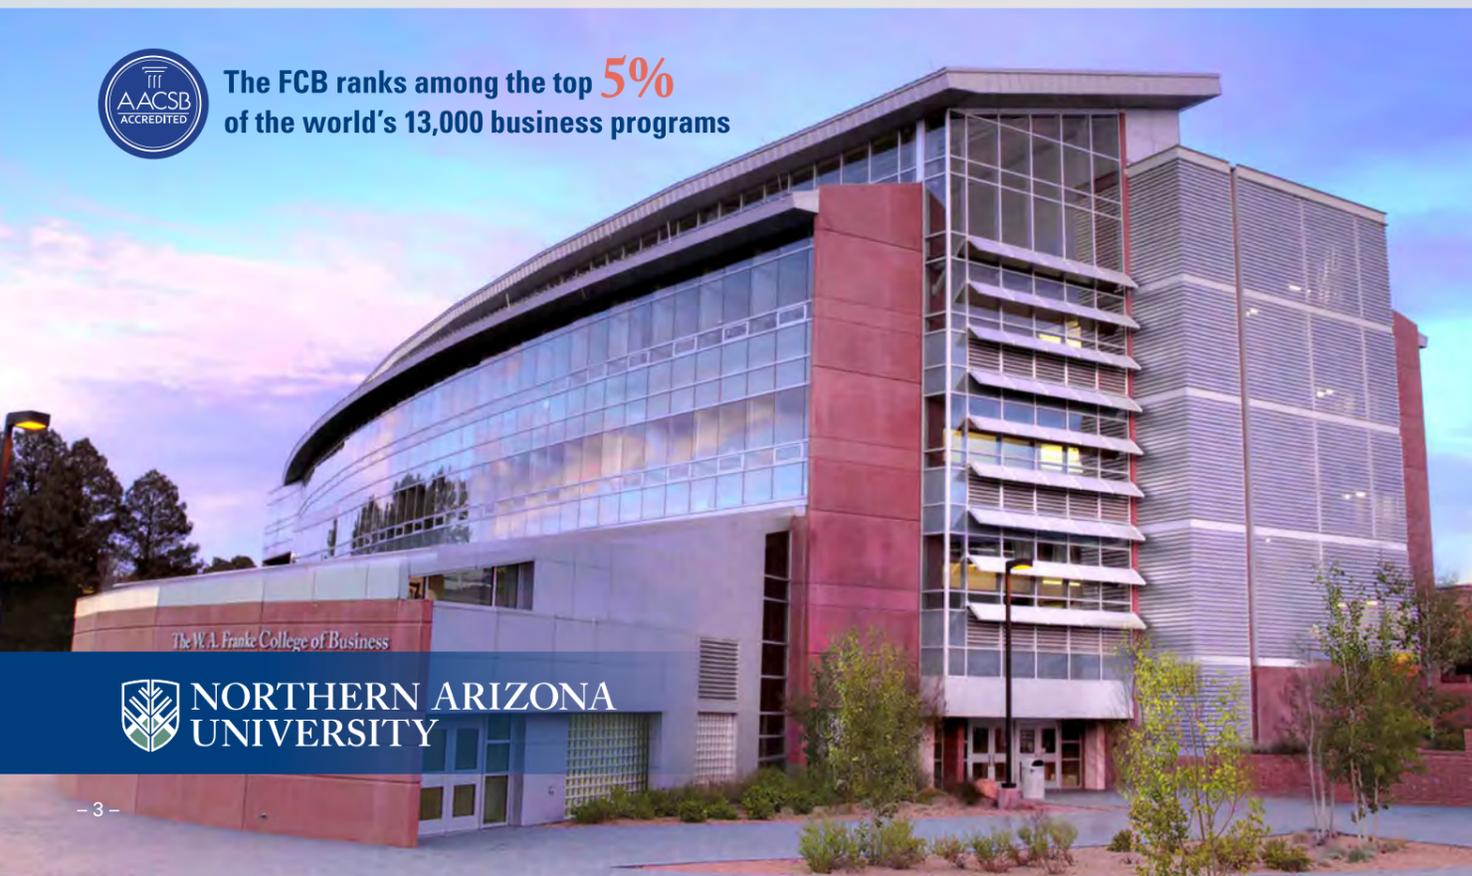

Programs and Student Organizations

At the FCB, students have many opportunities to network and expand their professional horizons. From leadership to financial investment, students benefit from resume-building activities and organizations such as:

- American Marketing Association
- Business Leadership Program
- FCB Ambassadors
- Global Business Club
- Professionalism Recognition Program
- Student Managed Investment Fund

The FCB ranks among the top **5%** of the world's 13,000 business programs

NORTHERN ARIZONA UNIVERSITY

STUDENT SPOTLIGHT

➤ **Neshay, Accounting (India)**
 "I enjoy Accounting and Finance, and I chose NAU because it creates a lot of opportunities. Students can take a wide variety of classes and enjoy events on campus every week. NAU makes international students feel welcome and at home, and the professors are amazing and truly care about you. I am glad to be a part of such a close-knit community and a proud Lumberjack!"

➤ **Yangyang, NAU alumnus (China)**, was admitted to Columbia University for a Master's degree program in Statistics. He is currently working for DBS bank (Shanghai) as a Financial Analyst.

ENGINEERING FORESTRY AND NATURAL SCIENCES

➤ **The College of Engineering, Forestry and Natural Sciences (CEFNS)** promotes undergraduate and graduate learning experiences that integrate science, engineering and the creative application of knowledge. CEFNS' LEED-certified building provides students with modern facilities including collaborative project areas, multimedia-equipped classrooms and state-of-the-art labs. CEFNS' experienced faculty, including graduates from Harvard University and outstanding leaders in the industry, are committed to collaborating with students to engage actively in the possibilities and practicalities of their fields. Our engineering programs are accredited by ABET (Accreditation Board for Engineering and Technology), the most rigorous quality assurance organization in the disciplines of applied science and engineering. Degrees earned from ABET-accredited universities are internationally recognized, and offer students opportunities to advance their professional education and careers.

STUDENT SPOTLIGHT

➤ **Ali**, Electrical Engineering major (Saudi Arabia)

"I like NAU because we have an international community here. I enjoy being in the engineering program at NAU because the professors are very organized and professional. There are many group projects which help me to improve my communication skills and gain hands-on experience in the field of Electrical Engineering."

▲ Dr. Paul Keim, Regents' Professor of Biology

THE UNIVERSITY'S BEST

➤ **Dr. Paul Keim**

Dr. Paul Keim, Regents' Professor of Biology at Northern Arizona University, is a world-famous researcher in infectious diseases. As director of the Pathogen Genomics Division at TGen, the Translational Genomics Research Institution, Dr. Keim and his significant discoveries in anthrax played a crucial role in aiding the United States military and intelligence community in investigations. He also applied similar genetic tracking techniques to contribute to the relief efforts of Haiti's 2010 earthquake, when a cholera outbreak killed 6,000 people. As a member and former chair of the U.S. National Science Advisory Board for Biosecurity, Keim works with other experts in infectious diseases, biology, biosafety, public health, national security, and law enforcement to analyze the risks and benefits of biological research being conducted by private ventures.

➤ **Yujie**, NAU alumnus (China), attended Northern Arizona University in 2011 to study Environmental Engineering. In 2014, he graduated with a 4.0 GPA and was admitted to Stanford University for the program in Engineering Mechanics. Upon graduation from NAU, he also received admission offers from Ivy League schools, including Cornell University and Yale University.

The Engineering programs rank **44th** in *U.S. News and World Report's Best Colleges*.

NORTHERN ARIZONA UNIVERSITY

HOTEL AND RESTAURANT MANAGEMENT

The School of Hotel and Restaurant Management ranks **7th** in the U.S. (successfulstudent.org)

The School of Hotel and Restaurant Management (SHRM) is recognized internationally as a leading provider of student-focused hospitality education. SHRM ranks 11th in the world for research output over a 15 year period; the school also ranks 22nd out of the top 100 programs that provided the most scholarly contributions to 11 prominent hospitality and tourism refereed journals.

THE UNIVERSITY'S BEST

Dr. Paul Wiener, EdD, MBA, CHA

Dr. Wiener is an associate professor at SHRM and is active in the state restaurant and lodging associations, and is also engaged in consulting for hotel acquisitions and economic impacts of tourism. Dr. Wiener also works with the National Parks Service (NPS) as the administrator of SHRM's training program for NPS concession specialists. Prior to teaching, Dr. Wiener spent 23 years in restaurant and lodging operations. He owned and operated a property management and consulting firm, served as general manager of resort properties in Utah and Colorado, and worked abroad for Sheraton and as a senior consultant in Pannell Kerr Forster's London office. He worked in Nevada casino hotels for five years, and earned a B. Sc. from UNLV's College of Hotel Administration. He has an AB in Political Science from Claremont McKenna College, an MBA from Harvard University, and a doctorate in Educational Leadership from NAU.

FOUR SEASONS RESORT

STUDENT SPOTLIGHT

Jeehyae, NAU alumna (South Korea)
 "I chose Northern Arizona University because I loved the academic plans offered. When I moved to Flagstaff, I did not expect that I would adjust and become part of the community so quickly. NAU has many events that students can enjoy and good academic support services to help students succeed. In my experience, joining a club helped me to make friends while sharing my culture."

HEALTH AND HUMAN SERVICES

College of Health and Human Services

The competitive programs in healthcare at NAU will equip you with the professional and personal skills to make a difference at the local, regional, and global levels. Graduates enter well-paying fields where healthcare professionals are in demand. In the College of Health and Human Services at NAU, you can engage with a group of individuals who are as driven and committed to healthcare as you are. Students gain hands-on experience at healthcare facilities on campus such as the Dental Hygiene Clinic and the Speech-Language-Hearing Clinic, which serve university students and Flagstaff community members.

EDUCATION

College of Education (COE)

With more than **100** years of history, the College of Education is accredited by NCACS/NCATE/NASP/CACREP.

With its historical roots in education (Northern Arizona Normal School, 1899), Northern Arizona University has long been recognized as a leader in education, in Arizona and beyond. The College of Education (COE) offers undergraduate, graduate and doctoral programs that blend the best of past successes and modern innovations in teaching, and allow you to work closely with our accomplished education faculty. As the only institution in Arizona accredited by NCATE*, COE ranks 19th in America of Top US Colleges and Universities for Teaching, and ranked as one of the Best Education Schools by U.S. News and World Report.

SOCIAL AND BEHAVIORAL SCIENCES

► **The College of Social and Behavioral Sciences** is committed to students' intellectual enrichment and their participation and leadership within the global community. Students gain the analytical, communicative, and visual skill-sets to excel in diverse employment opportunities.

COMMUNICATION

School of Communication

Housed in the College of Social and Behavioral Sciences, the School of Communication lies at the forefront of contemporary communication studies. The School of Communication is located in a state-of-the-art building that houses its own radio station (KJACK), newspaper (the award-winning Lumberjack), graphic design lab, broadcast newsroom (UTV62) and photography studio. Here you will not just walk away with a degree; you will walk away with a resume, portfolio of work, and the skills needed to turn your creative passion into a lucrative career.

 - Public Relations
- Visual Communication

▲ KJACK Radio Station is a student-run college radio station, dedicated to offering NAU students and staff hands-on experience in the professional radio broadcast field.

STUDENT SPOTLIGHT

► Valentin, International Affairs major (Belarus)

"I decided to attend NAU for a number of reasons. The most important were excellent scholarship opportunities for international students, the tuition is pledged to be the same for four years, good programs, a beautiful campus, as well as nice sports facilities and the climate. Small class sizes at NAU allow you to get to know your professor.

I absolutely love that my professors accept various opinions even though the ideas may be different from their own."

▲ NAU-TV—an award-winning team of producers, videographers, and students—produces, broadcasts, and web-streams high-quality, educational, and athletic television programming for communities across Arizona.

▲ Wupatki National Monument

Flagstaff Area National Monuments protect more than 3,000 archeological sites. Students visit these sites and learn about the lives of people here before us— their migrations, living conditions, conflicts, cooperation, ingenuity, failings, and achievements.

▲ The VisualDESIGNLab is a graphic design studio in the Visual Communication program. It is a space for collaboration, where students integrate theory and practice in an experiential learning environment with highly-qualified faculty.

THE UNIVERSITY'S BEST

► Dr. Cathy A. Small, PhD

Dr. Cathy Small, professor at NAU College of Social and Behavioral Sciences, is a cultural anthropologist and ethnographer. Her popular book "My Freshman Year," is published in multiple languages including Chinese and Korean and featured in public and professional media (including The New York Times, USA Today, and CNN).

Dr. Small is a recipient of the national Praxis Award in Applied Anthropology, and was honored with the Points of Light award from Presidents

Clinton and Bush Sr. for co-founding a mentoring program for low-income youth. Dr. Small has been the SBS Teacher of the Year, and piloted the innovative ANT 215 course "Connecting Across Cultures," which by design is half international students and half U.S. nationals. The learning is both social and academic, both inside and outside of the classroom, and both international and U.S. students call the interactive experience "unforgettable."

ARTS AND LETTERS

The College of Arts and Letters (CAL)

is dedicated to elevating the culturally and intellectually vibrant quality of education for students pursuing undergraduate and graduate studies. Many programs offered by CAL have earned top rankings in *U.S. News*, among which the Master and Ph.D. program in Applied Linguistics ranked 15th in Northern America (*linguist.org*). CAL offers students opportunities to gain a broad understanding of humanities, arts and modern languages through a selection of courses in different disciplines, preparing students academically and professionally for future careers.

CAL Faculty

Professors from CAL's English Department are highly respected in their fields. Dr. William Grabe, Regents' Professor, serves as consultant for Educational Testing Service (ETS) and received a lifetime Distinguished Scholarship and Service Award from the American Association for Applied Linguistics (AAAL). Dr. Fredericka Stoller is an internationally published author of textbooks in the field of Second Language Acquisition. Dr. Douglas Biber also currently serves as Regents' professor of Applied Linguistics in CAL's English department. Like Dr. Grabe and Dr. Stoller, he is an internationally-respected linguist who has often been invited to top-ranking universities for seminars and presentations. Professor Biber and Professor William Grabe (also from CAL's English department) are both members of AAAL.

PIE

Program in Intensive English

NAU's English Department offers the Program in Intensive English (PIE) to prepare international students for academic success at NAU. Faculty in PIE are experienced in the field of second language learning and are certified in TESL (Teaching English at a Second Language). In the Program in Intensive English at NAU, you will:

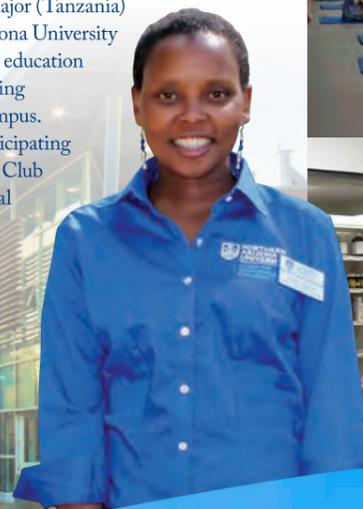

- work to improve your English skills by taking full-time English language coursework
- develop your study skills in a university environment
- gain confidence in yourself as a student and as an English speaker
- make friends in the university student community
- immerse yourself in American culture
- have access to university services, facilities, and activities

There are six levels at PIE, and after successful completion students enter their academic program.

When applying for admission to NAU, students without English proficiency scores (TOEFL 70+ or IELTS 6.0+) are considered for conditional admission. Conditionally admitted students take the English Placement Test upon arrival and may enroll in the PIE program until the English proficiency requirements are fulfilled.

STUDENT SPOTLIGHT

► Evalyne, International Hospitality Management major (Tanzania) "Northern Arizona University provides quality education with great learning resources on campus. I also enjoy participating in International Club and International Friends."

STUDENT LIFE

Northern Arizona University strives to provide excellent services to students both in and outside of the classroom.

Student Resources

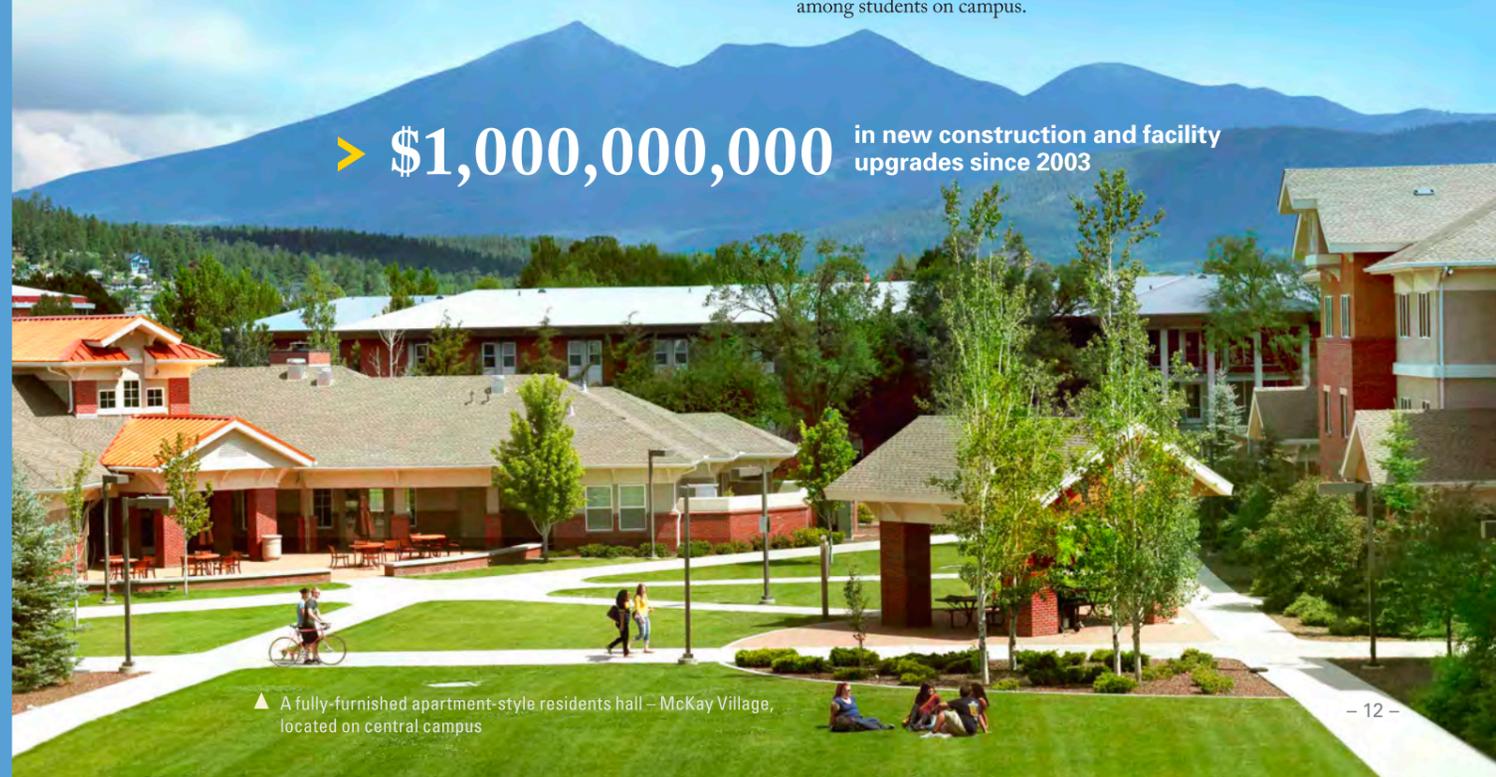

Cline Library – More than 900,000 volumes, including over 460,000 books and over 180,000 e-books; access to over 135 databases and to articles in over 63,000 e-journals and newspapers; open 108.5 hours per week, including until 2 a.m. five nights a week and extended hours (24-hour days) during End of Term and Finals weeks.

Student Learning Centers (SLCs) – provide personalized peer support such as Tutoring and Supplemental Instruction services for students to build confidence, cultivate independent learning and foster collaborative connections within the community.

Student Organizations – sports, chess, music, and technology... join one of more than 300 student clubs and organizations to share your interests, develop your leadership skills and enhance your resume!

Health and Learning Center (HLC) – was built with a budget of \$180 million and opened its doors in Fall 2011. The 25,000 square meter building integrates recreation, health services, athletics and academics to engage students in holistic learning. Functional areas include indoor jogging track, 12-meter climbing wall, expanded weight room, multipurpose gym and Cardio Theater. The medical center and the counseling center promote and ensure physical and mental wellness among students on campus.

► **\$1,000,000,000** in new construction and facility upgrades since 2003

▲ A fully-furnished apartment-style residents hall – McKay Village, located on central campus

Campus Housing

Northern Arizona University offers a variety of living styles in 21 residence halls for students to choose from, combining the right amount of comfort, fun, and academic support. The Freshman Connections halls offer a supportive living and learning environment as students transition in their first year of college. Each residence hall is equipped with shared full-sized kitchen, multiple bathrooms with 24-hour hot water, laundry rooms, study rooms and high-speed internet. Residential Learning Communities allow students to live with others who share the same academic majors or special interests, and help them build strong connections with their peers, the faculty and staff. Fully-furnished apartment-style halls are available for junior and senior students. Each apartment is equipped with a kitchen, a stackable washer/dryer, a couch, a table and chairs. There are also extra amenities such as gyms and clubhouses in this type of housing.

International House

Since its founding in 2012 by the Center for International Education, the International House (I-House) community has been home to hundreds of students from around the world. Over 40 countries have had student representation in the I-House, and over 22 primary languages have been spoken within the community. The International House gives a truly global experience to any student who lives in the community where international students and American students are assigned to the same room based on their stated interests and lifestyles. Students can learn about new cultures, practice foreign languages with native speakers, participate in unique events that foster cross-cultural understanding and build friendships with students from around the world.

Campus Dining

With 29 restaurants across campus, including late-night options, students at NAU are offered a variety of choices to eat on campus with tax-free meal plans and dining dollars.

Diversity

The mission of NAU Campus Dining is to provide nutritious, healthy and delicious food at a convenient time and location. Dining options include all-you-can-eat restaurants such as the Hot Spot and the DuBois Center, as well as retail dining such as Starbucks, Mexican Grill, Pasta Works, etc. In addition, several locations have incorporated cuisines that cater to international students. For example, Star Ginger offers Thai-Vietnamese inspired cuisine including rice bowls, pho soup and stir-fried meat and vegetables.

Nutrition and Wellness

Campus Dining works closely with a certified dietitian to ensure students have a wide selection of fresh, healthy, and balanced menu items to choose from. Additionally, a variety of menu options is provided for students with food allergies or other specific dietary needs.

Sustainability

From purchasing local, seasonal produce whenever possible to reducing inorganic and organic waste, the NAU Campus Dining team is dedicated to providing students with an exceptional dining experience that is good for humans and the planet. Campus Dining sources local produce from Arizona growers whenever possible. Some of the local farms that supply our foods include: Sunizona Family Farm (Willecox, AZ), D'Arrigo Farms (Yuma, AZ).

Center for International Education

The Center for International Education (CIE) is committed to the internationalization of the campus and curriculum. The CIE works diligently to provide opportunities that train students to be globally competent citizens. It serves over 1200 students from more than 71 countries and offers extensive support to NAU students and faculty seeking study/research abroad opportunities. There are certified international advisers at the Center, providing services to students, scholars and faculty on immigration, advising, campus activities, scholarships and more. As a result of CIE's effort, NAU received the 2012 Paul Simon Award for Comprehensive Internationalization. We are proud of this national recognition and we are even more committed to serving as a model for leadership in international education.

Scholarships for International Students

New, transfer, or continuing F-1 international students may be eligible for up to \$10,000 (USD) per year in tuition awards. For more information, please e-mail: studynau@nau.edu

How To Apply?

- Complete an online application nau.edu/cie/apply
- Submit your official transcripts (for secondary and post-secondary education)
- Submit your English proficiency score (Minimum scores: TOEFL 70 or IELTS 6)

CONDITIONAL ADMISSION

Students without proof of English proficiency are eligible. Conditionally-admitted applicants will be required to take the English Level Placement Test upon arriving, or enroll in NAU's Program in Intensive English (PIE) until passing the English Proficiency requirement.

- Provide proof of financial support
