Other Language Courses:	**Placement tests** are required for all students who wish to take language courses at Carleton: For **French** language courses, please visit: https://carleton.ca/french/2016/compulsory-french-placement-students-registered-french-language-course/ For **all other language** courses, please visit: carleton.ca/slals/modern-languages/placement-test/
Course Selection:	Course availability is subject to change and for this reason we **cannot guarantee registration in specific courses.** For exchange term(s) at Carleton, students should create a study plan that includes a mixture of courses from their major, minor, concentration and most especially free electives. The courses listed on an Incoming Exchange Application form will be reviewed by Carleton's departmental advisors. If courses have been selected from more than one discipline, a request will be sent to the designated department contact for each discipline. **Our academic departments will determine which courses an exchange student is approved to take**. Each department has their own criteria when assessing course requests, the most important of which is whether a student has the required academic background to meet the course prerequisites.

	REMINDERS: 1) A student may not be approved to take all of the courses they have requested on their application. This can be due to a number of factors, including but not limited to: course is restricted and not open to exchange students, course is full, course is not offered in correct exchange term, course is cancelled, course conflicts with other registered courses or the student does not meet the academic prerequisites to take the course. 2) Students requesting **full year courses** must be prepared to complete both terms of the course (i.e. Fall 2022 <u>and</u> Winter 2023) in order to receive academic credit for the course. This applies even if the course is offered online.
Course Information: **NOTE**: Students should refer to the **Public Class Schedule** and **Courses Not Available** page prior to listing courses on their application.	**Undergraduate Calendar**: http://calendar.carleton.ca/undergrad// **Undergraduate Courses:** calendar.carleton.ca/undergrad/courses/
	Graduate Calendar: http://calendar.carleton.ca/grad/ **Graduate Courses:** http://calendar.carleton.ca/grad/courses/ Incoming graduate exchange students should be aware that the availability of graduate level courses (5000-level) changes on an annual basis and registration in specific 5000-level courses cannot be guaranteed. Please note too that incoming graduate exchange students may register in undergraduate courses (level 1000 to 4000).
	Public Class Schedule (available at the end of May) This schedule lists all of the courses offered in a particular term. Students should use the Public Class Schedule to ensure the courses they require are available and offered in their exchange term.
	Courses Not Available: These courses are restricted and not available to exchange students: http://carleton.ca/isso/new-students/incoming-students/courses-not-available/ Carleton's academic departments reserve the right to restrict courses not found on this list if deemed necessary.

Visa Requirements

If your studies in Canada will be <u>less than 6 months</u>, you may study as a visitor without having a study permit.

Most international students need a Temporary Resident Visa (TRV) *or* Electronic Travel Authorization (eTA) to travel to Canada. The Immigration, Refugees and Citizenship Canada website has a tool to help you determine which you need and lead you to the correct online application. This letter may be used in a TRV application to explain the purpose of your visit to Canada.

If you plan to study in Canada for <u>more than 6 months</u>, you must apply for a study permit. Your application for a study permit is automatically your application for a TRV or eTA as well. The ISSO's website tells you how to start the online study permit application process and provides helpful tips. Requirements for the application vary by country, but all students will need a valid passport, a Carleton Letter of Acceptance (this letter), and proof of having sufficient resources to cover expenses in Canada. You will probably have to give biometrics, and may need to get a medical exam and/or police certificate(s). **You should gather your documents and submit your application as soon as possible.**

All students over the age of 18 must be fully vaccinated against COVID-19 and meet all current COVID-19 travel requirements in order to travel to Canada.
