- ▶ doctoral (PhD) – 3-4 years.

The offer for exchange students includes subjects at undergraduate and graduate level from SGH existing majors including:

- ▶ Advanced Analytics-Big Data,
- ▶ Business Administration,
- ▶ Corporate Financial Management,
- ▶ E-business, Economics,
- ▶ Economic Analysis of Law,
- ▶ Finance & Accounting,
- ▶ Global Business, Finance and Governance,
- ▶ International Business,
- ▶ International Economics,
- ▶ Management,
- ▶ Project Management,
- ▶ Public Policy,
- ▶ Quantitative Methods in Economics and Information Systems.

Exchange students may also take selected courses offered within CEMS Master in International Management (only electives) and courses in German of the German-Polish Academic Forum. Those students who speak Polish may attend all courses offered at SGH at the given level.

Students may only take courses from the level they are registered/nominated at.

Master students are not allowed to take bachelor level courses. Bachelor students (pursuing a 3-year long bachelor's degree) are not allowed to take master level courses.

Exception to this rule applies to students pursuing a 4-year bachelor program and only when on exchange at SGH during their last year of studies. In such a case, bachelor students are allowed to register for master level courses (letter of support from home university required).

Courses:

Teaching programs and study plans for bachelor and master levels are available in **USOSweb**

Schedules with courses offered in a given semester are published on the websites of respective Dean's Office:

- **Undergraduate**
- **Graduate**

Academic / Experience Requirements:

Selected courses may require prerequisites indicated in the course outlines in USOSweb – <https://usosweb.sgh.waw.pl/kontroler.php?action=katalog2/przedmioty/index>

Full-time Workload:

To validate a semester an exchange student should pass 30 ECTS credits, but the workload depends on home school requirements. One full course (30 contact hours) equals to 3 ECTS credits. Free-movers must take at least 21 ECTS in courses.

Learning Expectations:

Format of courses varies. Mostly these are a combination of lecture, and tutorials with case analysis. Participation and attendance are evaluated on professor's perception. Maximum number of students admitted to a course is between 30 and 40 and there is higher limit for lectures and core major courses.

Grading:

The grades are from 2.0 (Fail) till 5.0 (Very Good). 3.0 is a minimum Pass. 4.0 is a good, average grade. The transcripts are issued after the semester and contain information about the grading system (ECTS Grading Table). Next, transcripts are sent to the partner schools. Grading scale is available in the bottom of this document.

Exams:

Exams are usually held at the end of the course or during exam periods. Most exams are written; several courses include group projects and individual essays instead of formal written exams.

Collegia:

(research units headed by Deans and composed of chairs and institutes)

GRADING TABLE

From 2012/2013 academic year, SGH has changed its grading scale by deleting the 5.5 (the highest) grade. The ECTS grading table that reflects the actual distribution of grades under new system has been updated in May 2013.

In a new system, the grading scale used at SGH from 2012/2013 ranges from 2.0 to 5.0.

- 5.0 is the highest grade and the lowest passing grade is 3.0.
- 4.0 is the norm for a good pass.
