

**UiT** The Arctic  
University of Norway

# STUDENT EXCHANGE TO UiT

THE ARCTIC EXPERIENCE  
OF A LIFETIME

## Student Exchange at UiT

UiT has campuses with English-taught programmes and courses in four cities in Northern Norway: Alta, Harstad, Narvik and Tromsø.

UiT is also one of five Norwegian universities responsible for the University Centre in Svalbard (UNIS) – the world's northernmost institution for higher education and research.

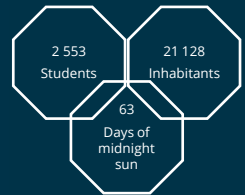

### Campus Alta

#### Exciting opportunities at 70° North

Alta is the main campus for UiT's School of Sport Sciences and Department of Tourism & Northern Studies.

The university campus is located in Alta's city centre, close to public services, shopping, and other urban facilities and services.

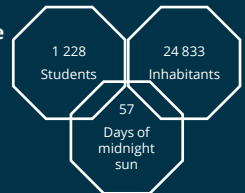

### Campus Harstad

#### A city with beautiful scenery and an interesting cultural heritage

Harstad offers exchange courses from UiT's School of Business and Economics.

The university campus is located on the waterfront of Harstad's city centre, and the facilities are modern and beautifully situated.

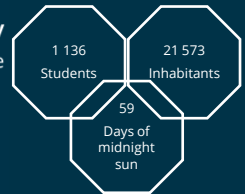

### Campus Narvik

#### Surrounded by nature in the centre of green technology

Narvik is the main campus for UiT's Faculty of Engineering Science and Technology.

The university campus is conveniently located close to everything the city has to offer, and with Narvikfjellet so close by there are many wonderful opportunities for outdoor activities.

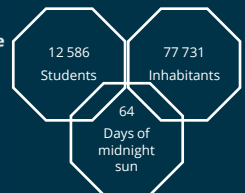

### Campus Tromsø

#### A vibrant city with Arctic adventures within an easy distance

Tromsø offers exchange courses in a wide range of academic disciplines.

The university campus is located on the north side of the main island, Tromsøya, with public transportation connections to everything the city has to offer.

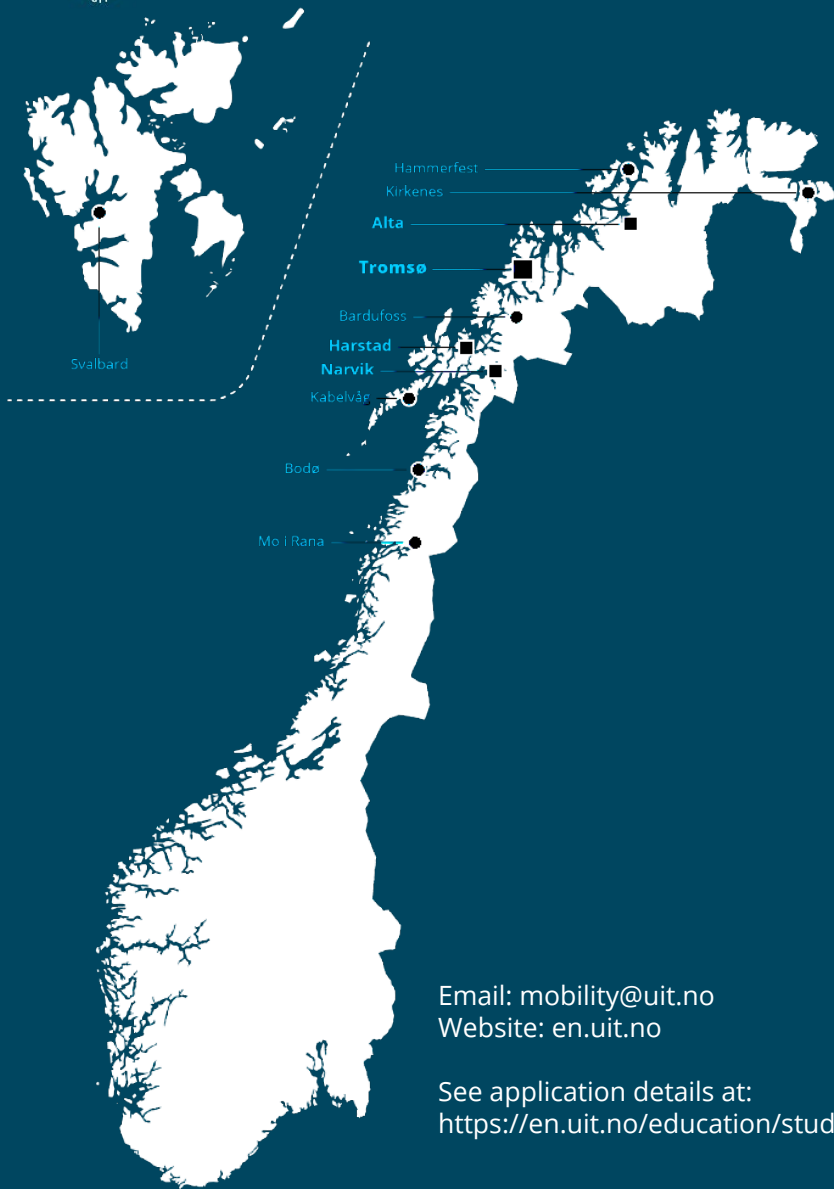

## Why you should choose UiT The Arctic University of Norway for your time studying abroad

- UiT offers a wide range of courses, both connected to professional degree programmes and classical academic disciplines.
  - No tuition or semester fees for exchange students.
- Informal and close discourse with the academic staff.
  - Our campuses are all located in close proximity to the unique nature of Northern Norway, facilitating all sorts of outdoors activities and Arctic experiences.
- Norway is a safe, LGBTQ-friendly country with a low crime rate and a high quality of life.
  - UiT is working to promote equality and diversity, and strives for an inclusive and safe educational environment for everyone, regardless of ethnicity, religion, functional ability, sexual orientation or gender identity.
- Vibrant student life, with student associations and a wide range of services provided by The Arctic Student Welfare Organization.
