

UNIVERSITY OF
LIMERICK
OLLSCOIL LUMNIGH

Leabharlann Glucksman
Glucksman Library

Finding a Book

- Step 1 Open the library catalogue at ul.ie/library
Sign into your account and type in the name of the item you require, in the search field
- Step 2 On your results page, select which item it is the you want
- Step 3 Note the item's availability
If the book is available to borrow it will say *Available at in green*, if not, it will say *Checked out in grey*, ARC means you have to Request the book online. Note: the book may be available electronically in which case it will say *Available Online*
- Step 4 Library material is kept in different locations * see list
- Step 5 Items in the library are organised in Dewey Decimal System: see list on the reverse side.
On the spine of each book you will see a series of numbers and letters, this is the Shelf Mark. This number tells you the subject matter of the book and its place on the shelf. For example, books on Social Science are found in the 300 range and within that range, books on Political Science will be found at the 320s. The three letters at the end of the series of numbers are the first three letters of the author's name.
- Step 6 Go to the correct location, find the book according to its Shelf Mark and check it out at the self-issue machine

*Library Locations

Open Shelves: The shelves on floors 1, 2 & 3 where the study desks are.

ARC: Items can be requested online and collected in the room adjacent to the Information Desk

Reference material and dictionaries, denoted by a red dot are on the open shelves after the 499s on Floor 1

Popular Reading: located on the Ground Floor adjacent to the glass stairs.

Special Collections: located on the ground floor
