LANGUAGE REQUIREMENTS

Although the Université libre de Bruxelles is mainly a French-speaking university, Solvay Brussels School of Economics and Management offers a majority of their Master courses in **English**.

It is therefore possible to build up a courses programme fully in English. Although we don't require any language certificate, we strongly recommend that exchange students coming to the ULB should acquire at least an intermediate (B2) level of French and/or English **prior to their arrival**.

LANGUAGE COURSES

Students are also being given the opportunity to improve their knowledge of French thanks to free French language courses at university. These courses are subject to an entry level test. More details on:

<https://langues.ulb.be/fr/apprendre-le-francais>

PROGRAMME

Courses

Exchange students are requested to register to 1 course at least and maximum 30 ECTS. The exact number of courses or ECTS credits has to be determined by the home institution.

Students are authorized to select courses from other faculties, but have to register to at least 60% of their courses at SBS-EM. Courses taken outside our faculty is subject to the approval of the Professor.

The programmes open are at Bachelor 3 (3rd year), Master 1 (4th year) and Master 2 (5th year) levels. We therefore expect our exchange students to have successfully completed at least 5 semesters of university studies.

More details and courses list: <https://sbsem.ulb.be/international/incoming-students/courses>

Exams:

- Exchange students will take their exams in the same conditions as regular students
- Exchange students are NOT authorized to organize their exams individually with their Professors
- All students are expected to take their exams during the official exams periods:
 - ✓ January (Exams for the 1st term courses)
 - ✓ May –June (Exams for the academic year and 2nd term courses)
 - ✓ Mid-August – beginning of September (Resit exams for the 1st and 2nd terms courses)

For students from non-European institutions only: should, for very serious academic reasons, your students not be able to come back to Belgium in order to retake their exams, please note that we can possibly organize simultaneous distance exams (conditional to the professors' agreement and if the time difference allows this). However, each student from a non-European institution will be able to take a maximum of 2 exams at distance.

Results

The official transcripts of records will be available for the exchange students to download from their "MonULB" portal, late February for the 1st term exchange students and beginning of July for the 2nd term and academic year exchange students. No original will be automatically sent, unless required by the home university.

HEALTH AND MEDICAL INSURANCE

When registering to ULB, students will be covered by our university injury insurance, which is covering them ONLY for incidents on the campus and on the way to/from the campus. We therefore advise them to complement this with a health insurance covering them for health matters, incidents outside "working hours" and for their other activities. Either student may want to take insurance from home, or register here when they arrive (social security or private insurance).

ACCOMMODATION

Our university unfortunately doesn't provide student housing to exchange students. Students may look for independent, off-campus housing, for which we do offer support.
