HRI POSTGRAD/POSTDOC HUB NEWSLETTER

SPRING 2024 • ISSUE 6

## WHO WE ARE

The HRI postgraduate/postdoctoral (PG/PD) hub is a member derived and driven platform that strives to provide a safe and accessible environment for HRI PG/PD members to:

- Explore important areas of interest with an emphasis on best-practices.
- Share opportunities to develop skills essential for building research capacity and career success.
- Network with other HRI members within and outside the Hub.
- Support fellow emerging health researchers both academically and personally by sharing successes, challenges and important learning experiences.

## PG/PD 5-IN-5

At the start of an HRI conversation, a PG/PD will have the chance to summarise their research in 5 slides and 5 minutes with a chance for peer discussion, in a topic similar to the main speaker.

## HUB TOPICS & WORKSHOPS

A series of HUB workshops will be offered each semester, based on the interest of PG/PD members. These workshops include invited speakers such as experts in a specific topic area. These presentations may be peer led or driven by full-time members with a focus on overall development.
