Where a research student does not attend a Research Confirmation Panel that has been convened to review their performance, the appropriate recommendation must be submitted.

The aforementioned candidate has given a seminar on his/her work, which was attended by the two faculty members named below, who acted as examiners and agree that:

The student's research progress is of a sufficiently high standard to warrant continuation on the masters or PhD register as applicable.		(G)
The student's research progress on the master's register is of a sufficiently high standard to warrant transfer to the PhD register.		(G)
The student's research progress on the master's register is not of a sufficiently high standard to warrant transfer to the PhD register. However, the student may re-apply to transfer to the PhD register within six months.		(G)
The student's research progress on the PhD Register is unsatisfactory and the student's enrolment should revert to the Master's Register.		(T)
The student's research progression is not satisfactory and the student's enrolment on the Master's or PhD Register, as applicable should be discontinued.		(W)
