

UNIVERSITY OF LIMERICK RESEARCH ETHICS COMMITTEE

RISK ASSESSMENT FORM – PROCEDURES INVOLVING HUMAN SUBJECTS

Procedure No

Title of Procedure

Name of Assessor Assessment date

Does this procedure already have ethical approval ?

If so, enter ethical number and expiry date

1

These procedures involve electrical recording from active muscle or myocardium. Both procedures involve placement of recording electrodes on the skin surface, either over the muscle for EMG, or at standard lead positions for ECG. The apparatus used is electrically isolated, and conforms to EU guidelines for electrical isolation (and carries CE Marking). The signal recorded is converted to a digital signal, and stored on a computer system. The recordings are made for UG laboratory classes and research purposes.

2

Others, please specify

3

PESS student (U.G. or P.G.)

University of Limerick staff or campus personnel

Others, please specify

Members of the general public (adolescents age 13+, adults) engaged in research projects granted ethical approval.

4 Potential risks. To be explained before obtaining consent

None, or minimal discomfort only

5 Action to be taken in the event of a foreseeable emergency

The procedure will be terminated if the volunteer shows any sign of distress.

Standard first aid procedures may be required depending on the severity of the situation. The following standard procedure should be followed in the event of an incident occurring in the PESS building.

1. Stop the procedure. Position the subject to prevent self-injury.
2. If appropriate, raise the subject's lower limbs to improve blood flow. Should the subject fail to respond summon help immediately.
3. Check vital signs airways, breathing and circulation (ABC)
4. If required attempt CPR as soon as possible.
5. Requesting Help: Emergency Contact telephone numbers are listed on laboratory door:
 - During normal working hours 9am-5pm, use lab phone to contact the Student Health Centre on **061-202534**
 - Outside of normal working hours, or if the Student Health Centre number is engaged/busy, use the laboratory phone to dial 3333 for UL security personnel who will then contact the ambulance service. Contact one of the PESS First Aiders – names are listed on the PESS laboratory door.
6. When contacting the above clearly state: Location, Building, Room Number, Nature of Incident/Accident and provide a contact number.
7. Complete the UL 'Accident & Emergency' form (completed by the investigator, not the volunteer). Forms available on UL HR website: <https://www.ul.ie/hr/hr-policies-procedures-and-forms-z>

6 Level of supervision required for procedure

PESS lecturing, research staff and teaching assistants

PESS postgraduate researcher
