

Early Careers Health Sciences Academy Webinar

Tuesday the 8th and Thursday the 10th of October at 9.15am – 11am

Student reflection questions

These reflective questions encourage students to reflect on their interests, think critically about the information presented, and begin to formulate a path toward exploring health careers.

Student Name: _____

1. Which health career mentioned in the webinar interests you the most, and why?

2. How do you think your personal strengths and interests align with a career in healthcare?

3. What skills do you think you need to develop if you were to pursue a career in health?

4. Did the webinar change your perception of any particular health career? If so, how?

Insights and Learning

1. What new information did you learn about health careers that you didn't know before?

2. What surprised you the most about the health careers discussed?

3. What do you think are the most rewarding aspects of working in healthcare based on the webinar?

4. What challenges do you think healthcare professionals face, and how do you feel about dealing with those challenges?

Future Goals and Actions

1. After watching the webinar, what steps do you think you could take to explore a health career further?

2. Would you consider pursuing work experience or volunteering in a healthcare setting? Why or why not?

3. What qualifications or training do you need for a health career that interests you?

4. How can you start preparing now if you are interested in pursuing a career in health?

Ethical and Social Considerations

1. What role do you think empathy and communication play in healthcare careers?

2. How do healthcare professionals make a positive impact on society, and is that something you value in a future career?

3. What ethical dilemmas might someone in a healthcare career face, and how would you approach those situations?

Conclusion

1. What did you enjoy most about this webinar?

2. Outline any recommendations that you would like to make to improve this webinar?
